

I was born in Riverside, California. I was homeschooled until my family moved to St. George Utah, where I was then placed in public school starting in 5th grade. We moved to San Jose, California a year later. We then returned to St George the following year, which is where I finished out high school. I graduated and moved to Salt Lake City to attend the University of Utah. I attended 2 years, and then in 2010 I served an LDS mission in Sweden. I returned in 2012 to finish out my schooling. I got married March 2014. I like volunteering, teaching, and solving problems. I have worked with people from all cultures and from all different backgrounds. I have worked with the homeless, drug abusers, refugees, immigrants, mentally impaired, deaf, wealthy, elderly, young, and sick. I have worked with these people in all different situations, from the Huntsman Cancer Hospital, nursing homes, home health care, retail, and telemarketing. I have volunteered in Sweden, taught English and Swedish, homeless shelters, foster children homes, refugees, schools, church, and immigrants. I like to improve, learn and grow: spiritually, mentally, creatively, and personally. I enjoy working with people and learning about them. I want to continue to meet more people, understand them, communicate with them, and if needed, assist them in some meaningful way. I believe I can help those around me with offering my creativity, my experience, and my friendship.
